# Notes about Monte Flecha

We are situated in the stunning Serra do Caldeirão, on the border of Alentejo and Algarve, about 45 min north of Albufeira, 1 hr from Faro Intl. Airport. It is sublimely serene, and noise/light pollution-free.

There are a variety of local flora and fauna, including wild lavender and orchid, cork oak, olives, oranges, Iberian lynx, Egyptian mongoose, hawks, owls and “javeli”- wild boar (they are shy, and stay away from us and our dog). There are no dangerous animals.

Nearby “Tabernas da Serra” (mountain taverns) offer “Autêntica cultura alentejana”.

The final 1km of drive is dirt, passable by normal car.

Our quinta is quite *rustic*, and in a perpetual state of improvement, as we renovate our 100+ year old stone farmhouse.

The Safari Tent is self-contained, with two Queen sized beds, kitchen, bathroom - modern Swedish composting toilet, hot shower, heating, private deck.

We have full off-grid electricity, high-speed Starlink internet, and strong Wi-Fi throughout the property.

- We have a lovely/ lovable 6 year old Rhodesian Ridgeback who wanders freely on the property. A pet-guest is possible, with advance discussion.
